

Camp Ripley, located near Little Falls, Minnesota, is a 53,000-acre regional training center hosting numerous ranges and state-of-the-art facilities to support the training requirements of military and civilian agencies. In addition to providing resources enabling customers to train in a realistic environment, CRTC sustains lodging, administrative and conference space for customer events, programs and education. Additionally, CRTC remains committed to environmentally-sound stewardship throughout Central Minnesota to include its 18 miles of undeveloped Mississippi River shoreline.
